

Selecting Equipment and Resources

Statement of intent

We believe that high quality early years care and education are promoted by providing children with safe, clean, attractive, developmentally appropriate resources and equipment to help the child reach their full potential, academically, spiritually, emotionally, and physically.

Aim

We aim to provide children with resources and equipment that help to consolidate and extend their knowledge, skills, interests, and aptitudes.

Method

To achieve this, aim we:

- provide play equipment and resources that are safe and - where applicable - conform to the BSEN safety standards or Toys (Safety) Regulation (1995);
- provide enough equipment and resources for the number of children
- provide resources that promote all areas of children's learning and development, which may be child or adult led
- select books, equipment and resources that promote positive images of people of all colours, cultures, and abilities, are non-discriminatory and avoid racial and gender stereotyping
- provide equipment and resources that promote continuity and progression, provide sufficient challenge, and meet the needs and interests of all children
- provide made, natural and recycled materials that are clean, in good condition and safe for the children to use
- provide furniture that is suitable for children and furniture that is suitable for adults
- store and display resources and equipment where children can independently choose and select them
- regularly check all resources and equipment that are available at each session and ensure they are put away at the end of each session
- use the local library to introduce new books and a variety of resources to support children's interests; and
- plan the provision of activities and appropriate resources so that a balance of familiar equipment and resources and new exciting challenges is offered

Safety

- We check all resources and equipment at the beginning of each session
- A daily Risk Assessment is used to record any damage, copies of which will be found in the Risk Assessment File.
- We repair and clean, or replace any unsafe, worn out, dirty or damaged equipment.
- We carry out a risk assessment on donated toys.
- Children are always supervised on the outdoor play equipment.

Appropriate furniture

- We provide furniture which is suitable for children and furniture which is suitable for adults.
- We have enough child sized chairs and tables to allow flexible arrangements for groups of children to play and eat together.
